Misereor's mission planning for 2027

In the overview on the following pages, Misereor aims to provide information on the consultancy contracts to be awarded which, as things stand, are planned for 2027 in the areas of evaluation, consultancy, research and other assignments.

For some of the contracts, there may also be a separate call for tenders here on the website, at service.bund.de and other relevant platforms. As we revise the overview approximately every three months, we recommend that interested parties check back regularly for updates, and we invite them to express their interest in participating in individual contracts.

Please note for applications from experts (from expert teams are generally also possible):

- If you are an expert interested in the listed assignments, please send us your expression of interest including a current CV with a list of the assignments you have completed to this date and your financial offer (daily fee). Please make sure to indicate which assignment you are interested in (as we record your Expression of Interest [EoI] on an assignment-by-assignment basis!). Applications are only accepted electronically to evaluation@misereor.de.
- Misereor reserves the right to exclude incomplete expressions of interest from the award procedure.
- Offers will be evaluated and selected according to the following criteria:
  Methodological competence in evaluation or consultancy work, technical expertise in the project-relevant sector, country / regional knowledge and experience, language skills (local language skills if necessary), price (daily fee).
- Prior to the selection process, Misereor usually does not provide any further information on the planned assignment. Therefore, when not otherwise indicated, we do not expect a detailed offer including a content-related or methodological concept as well as a quantity structure.
- **By submitting your application, you agree that we will store your CV electronically.**
- Depending on the planning status of the assignment, it may take up to several months before we contact you with an answer to your application. Thank you for your understanding.
